(i.e. Financial (bank statement, pay stub, credit card bill or Bills Tax, Water, Natural Gas)

Families with more than one child at a school need only complete one card for that school. Families with children in both schools are requested to complete one card for each school.

I realize that falsification of residency is a violation of New Jersey Statute 18A:38-1, et. seq. and that those falsifying residency will be liable for all back tuition assessed by the Board of Education in addition to the criminal penalties involved. (A copy of the law is available upon request.)

New Jersey State Law requires that children attend the school district in which the parents or guardians are domiciled. Children may attend a school district of the parents'/guardians' choice if they pay tuition to that school district and provide any necessary transportation and if they have secured formal permission from the Board of Education in advance. This information is required to insure that only students from Point Pleasant Beach, its sending districts and tuition paying students from other communities are attending our schools. The Board of Education routinely investigates student residency and will take action to remove those illegally attending Point Pleasant Beach schools, and will pursue tuition owed. The law allows the school district to require additional legally accepted proofs of residence. These may be required at any time.
